

COCKADES

1. Do you have any bumper stickers on your car?

If so, what do they look like and what do they say? You can draw a picture on the back as well.

If not, describe a bumper stick you have seen. What does it look like and what does it say. You can draw a picture on the back as well.

Discuss your responses to question #1 with a neighbor.

2. Why do people have bumper stickers?

A COCKADE WAS USED IN THE 19TH CENTURY LIKE A BUMPER STICKER IS USED NOW.

IT WOULD LOOK LIKE THIS:

If you wore a black cockade, that meant you were a Federalist and you were showing support for Britain.

If you wore a tricolor (red, white and blue) cockade, that meant you were a Democratic Republican and were showing your support for France.

3. Do you have any pins, t-shirts or other items you wear to show your support for a team, political party, band or other group?

4. Why do people wear items to show their support for organizations, ideas, or points of view?

Discuss.
